Among the records of which I have custody is the official minute book of the Board of Supervisors which under the provisions of ARS §11-217 is required to be made and kept.

Set forth below is a copy of an entry in the aforesaid minute book of which, as aforesaid, I am the officer having the legal custody. This is my certificate under the provisions of Rule 44(A), Rules of Civil Procedure, and the Uniform Business Records Act, that the said copy is a true and correct copy thereof, to which I attest by my signature subscribed hereunto:

Date of meeting of which the minutes are a record: NOVEMBER 7, 1994.

The entry in the said minutes:

The Board considered approval of an intergovernmental agreement with the Arizona Department of Transportation for preliminary engineering for the Dry Beaver Creek Bridge project. County Engineer Richard Straub presented this item. Mr. Straub told the Board that this was an ongoing project which had been under way for some months, and that the agreement under consideration on this day was for the consulting engineer portion of the project. He said that this project was behind schedule, but that he had met with the consultant and would probably be coming back to the Board at a later date to request an extension of time for the project. Supervisor Camp moved to approve the agreement. He said that this project had been planned for many months and really needed to be completed. Supervisor Brownlow seconded the motion, which, in the absence of comments from the public, carried by unanimous vote.
